CONSENT TO REPRESENT SCHOOL

I hereby give my consent for (student- athlete's name) _____ to represent **Sumner County Schools** in the sport(s) of _____.

Name of Parent/Guardian: _____

Parent/Guardian Signature: _____ Date: _____

MEDICAL / HEALTH INFORMATION CONSENT FORM

STUDENT NAME: _____ SPORT(S): _____

AUTHORIZATION FOR RELEASE OF INFORMATION

I/We hereby authorize **Sumner County Schools**, to use and/or disclose my child’s clearance and health recommendations to the athletic director, coaches and medical personnel at **Sumner County Schools** to share health status information for the participation in interscholastic athletic activities. I/We understand my refusal to sign this authorization will affect my child’s ability to participate in athletics. Medical information to be disclosed pursuant to this authorization may be subject to re-disclosure by the recipient and no longer protected by state or federal law.

Parent/Guardian Initials

CONSENT TO MEDICAL TREATMENT and RELEASE OF RESPONSIBILITY

I/We hereby give consent for (student-athlete’s name) _____ to represent **Sumner County Schools** in athletics realizing that such activity involves the potential for injury. I/We acknowledge that even the best coaching, use of the most advanced equipment, and strict observance of rules, injuries are still possible. On rare occasions these injuries are severe and result in total disability, paralysis, or even death. I/We further grant permission to **Sumner County Schools** and the Tennessee Secondary School Athletic Association (TSSAA), its physicians, athletic trainers, and/or EMTs to render aid, treatment, medical or surgical care deemed reasonably necessary to the health and well-being of the student-athlete named above during or resulting from participation in athletics.

By the execution of this consent, the student athlete named above and his/her parent/guardian(s) do hereby consent to screening, examination, and testing of the student athlete during the course of the pre-participation examination by those performing the evaluation, and to the taking of medical history information and the recording of that history and the findings and comments pertaining to the student athlete on the forms attached hereto by those practitioners performing the examination.

I/We acknowledge that participation in the above activity involves inherent risks of physical injury, illness or loss of personal property. I/We hereby agree to assume and take on myself all the risks and responsibilities in any way associated with this activity.

I/We further agree that for the sole consideration of the school allowing me to participate in this activity for which or in connection with which the school has sponsored or made available any transportation, equipment, facilities, grounds or personnel for such programs or activities or to me while participating in any such activities, I hereby release and forever discharge **Sumner County Schools**, its members individually, and its officers, agents and employees from any and all claims, demands, rights and causes of action whatsoever arising from and by reason of any and all known and unknown, foreseen and unforeseen bodily and personal injuries including death, damage to property, and the consequences thereof, resulting from my participation in or growing out of or connected with such activities.

Parent/Guardian Initials

ACKNOWLEDGMENT OF PERSONAL RESPONSIBILITY

I/We understand that it is my responsibility to notify **Sumner County Schools** and its physicians, athletic trainers, and staff, in writing of any and all injuries/illnesses, athletic or otherwise, suspected injury/illnesses, and any and all pre-existing conditions that may result in further injury/illness to me, teammates, opponents, and/or athletic staff.

SUMNER COUNTY SCHOOLS TRANSPORTATION TO AND FROM EXTRACURRICULAR ACTIVITIES FORM

The Sumner County Board of Education cannot provide transportation to all off campus extracurricular activities (including but not limited to athletic events, practice, club and student organization competitions or events) in school owned vehicles operated by school personnel. Student may be transported by parents or other students with parental consent.

My child _____ participates in the following extracurricular activities:

I am aware that my child may be transported by non-school vehicles. My child may be responsible for getting himself/herself to various off-campus sites for the above activities. I understand that it may be my responsibility as parent/guardian of _____ to arrange for appropriate transportation to and from these activities, and that in doing so I accept any risk involved.

If I as a parent/guardian transport students in my personal vehicle, or if my child transports other students in his/her personal vehicle, I understand that my insurance is the primary coverage for the students while in a personal vehicle. I also understand that I am responsible for reviewing with my child any restriction(s) which may be placed on his/her driver's license that may affect the number of students he/she may transport.

Restrictions: (If not any, write NONE)

I have read the above and discussed with my child. By signing below, I acknowledge my responsibility to arrange appropriate transportation for my child to and from extracurricular activities if not provided by the school.

Student Name: _____

Parent/Guardian Name: _____

STUDENT INSURANCE PROGRAM 20__ - 20__

According to Board Policy JGA issued on December 5, 1989, the Principal should ensure that each student, before participating in interscholastic athletic and other activities which by nature carry some risk of physical injury shall:

1. Present a statement signed by the parent(s) which assures the school that the parent(s) have insurance, or
2. Is willing to accept all financial responsibility related to participation.

According to this policy, the local school is **not** required, nor expected to furnish liability insurance in the case of injury. Also, the local school is not liable for incurred injuries. However, the safety of the students in Sumner County Schools is our utmost concern. The administration and coaching staff at each local school are always working for the safest environment for our student body. Therefore, the coaching staff has been asked to restrict any student from practicing and from game activity until the following criteria are met. These criteria will be considered fulfilled when the parent initials the appropriate line and signs at the bottom.

Please initial the section that applies to you and sign at the bottom:

_____ I **have** personal insurance to cover my child and accept all financial responsibility related to participation and travel in interscholastic athletic activities.

Insurance Company

Policy Number

_____ I **do not have** personal insurance to cover my child and accept all financial responsibility related to participation and travel in interscholastic athletic activities.

THE STUDENT SHALL NOT BE CLEARED TO PARTICIPATE IN INTERSCHOLASTIC ATHLETICS
UNTIL THIS FORM HAS BEEN SIGNED AND RETURNED TO THE SCHOOL**

SPORTS PHYSICAL RELEASE FORM

I hereby authorize the release and disclosure of the personal health information of _____ ("Student"), as described below, to "SUMNER COUNTY SCHOOLS", its physicians, athletic trainers, and staff.

The information described below may be released to as necessary to evaluate the Student's eligibility to participate in, or continue to participate in, school sponsored interscholastic sports programs.

Personal health information of the Student which may be released and disclosed includes records of physical examinations performed to determine the Student's eligibility to participate in school sponsored activities, including but not limited to the Pre-participation Evaluation form or other similar document required by the School prior to determining eligibility of the Student to participate in School sponsored interscholastic sports activities; records of the evaluation, diagnosis and treatment of injuries which the Student incurred while engaging in school sponsored activities, including but not limited to practice sessions, training and competition; and other records as necessary to determine the Student's physical fitness to participate in school sponsored activities.

The personal health information described above may be released or disclosed by the School or by the Student's personal physician or physicians; a physician or other health care professional retained by the School to perform physical examinations to determine the Student's eligibility to participate in certain school sponsored activities or to provide treatment to students injured while participating in such activities, whether or not such physicians or other health care professionals are paid for their services or volunteer their time to the School; or any other EMT, hospital, physician or other health care professional who evaluates, diagnoses or treats an injury or other condition incurred by the student while participating in school sponsored activities.

I understand that the School has requested this authorization to release or disclose the personal health information described above to make certain decisions about the Student's health and ability to participate in certain school sponsored activities, and that the School is a not a health care provider or health plan covered by federal HIPAA privacy regulations, and the information described below may be redisclosed and may not continue to be protected by the federal HIPAA privacy regulations.

I also understand that the School is covered under the federal regulations that govern the privacy of educational records, and that the personal health information disclosed under this authorization may be protected by those regulations.

I also understand that health care providers and health plans may not condition the provision of treatment or payment on the signing of this authorization; however, the Student's participation in certain school sponsored activities may be conditioned on the signing of this authorization.

I understand that I may revoke this authorization in writing at any time, except to the extent that action has been taken by a health care provider in reliance on this authorization, by sending a written revocation to the school principal (or designee) whose name and address appears below.

Name of School: _____ School Address: _____

This authorization will expire when the student is no longer enrolled as a student at a school within _____ County.

NOTE: IF THE STUDENT IS UNDER 18 YEARS OF AGE, THIS AUTHORIZATION MUST BE SIGNED BY A PARENT OR LEGAL GUARDIAN TO BE VALID. IF THE STUDENT IS 18 YEARS OF AGE OR OVER, THE STUDENT MUST SIGN THIS AUTHORIZATION PERSONALLY.

Student-Athlete & Parent/Legal Guardian Concussion Education Sign-Off

Form must be completed for each student-athlete.

Student- Athlete Name (Print): _____

Parent/Legal Guardian Name (Print): _____

We have read the Student-Athlete & Parent/Legal Guardian Concussion Information Sheet. After reading the information sheet, I am aware of the following information:

<i>Student Athlete Initials</i>		<i>Parent/Legal Guardian Initials</i>
	<i>A concussion is a brain injury, which should be reported to my parents, my coach(es), and/or my athletic trainer.</i>	
	<i>A concussion can affect the ability to perform everyday activities such as the ability to think, balance, and classroom performance.</i>	
	<i>A concussion cannot be "seen". Some symptoms might be present right away, while other symptoms can show up hours or days after an injury.</i>	
	<i>I will tell my parents, my coach, and/or my athletic trainer about my injuries and illnesses.</i>	N/A
	<i>If I think that a teammate has a concussion, I will tell my coach(es), parents, and/or athletic trainer about the concussion.</i>	N/A
	<i>I will not return to play in a game or practice if a hit to my head or body causes any concussion-related symptoms.</i>	N/A
	<i>I/my child will obtain written permission from a *medical professional as defined by Tennessee law to return to play or practice after a concussion.</i>	
	<i>I realize that the Emergency Room/Urgent Care physicians will not provide clearance if seen immediately after the injury.</i>	
	<i>After a concussion, the brain needs time to heal. I understand that I am/my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away.</i>	
	<i>Based on the latest data, concussions can take days or weeks to get better. A concussion may not go away right away. I realize that resolution from this injury is a process and may require more than one medical evaluation.</i>	
	<i>Sometimes, repeat concussions can cause serious and long-lasting problems.</i>	
	<i>I have read the concussion symptoms on the Concussion Information Sheet.</i>	

***Medical professional** means a Tennessee licensed medical doctor, osteopathic physician or a clinical neuropsychologist with concussion training.

Athlete/Parent/Guardian Sudden Cardiac Arrest Symptoms and Warning Signs Information Sheet and Acknowledgement of Receipt and Review Form

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA doesn't just happen to adults; it takes the lives of students, too. However, the causes of sudden cardiac arrest in students and adults can be different. A youth athlete's SCA will likely result from an inherited condition, while an adult's SCA may be caused by either inherited or lifestyle issues.

SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

SCA is the #1 cause of death for adults in this country. There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year. It is the #1 cause of death for student athletes.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- fainting or seizures during exercise;
- unexplained shortness of breath;
- dizziness;
- extreme fatigue;
- chest pains; or
- racing heart

These symptoms can be unclear in athletes, since people often confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience SCA die from it.

Public Chapter 325 – the Sudden Cardiac Arrest Prevention Act

The act is intended to keep youth athletes safe while practicing or playing. The requirements of the act are:

- All youth athletes and their parents or guardians must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.

Adapted from PA Department of Health: Sudden Cardiac Arrest Symptoms and Warning Signs Information Sheet and Acknowledgement of Receipt and Review Form. 7/2013

- The immediate removal of any youth athlete who passes out or faints while participating in an athletic activity, or who exhibits any of the following symptoms:
 - (i) Unexplained shortness of breath;
 - (ii) Chest pains;
 - (iii) Dizziness
 - (iv) Racing heart rate; or
 - (v) Extreme fatigue; and
- Establish as policy that a youth athlete who has been removed from play shall not return to the practice or competition during which the youth athlete experienced symptoms consistent with sudden cardiac arrest
- Before returning to practice or play in an athletic activity, the athlete must be evaluated by a Tennessee licensed medical doctor or an osteopathic physician. Clearance to full or graduated return to practice or play must be in writing.

I have reviewed and understand the symptoms and warning signs of SCA.

Concussion Information for Students-Athletes and Parents/Legal Guardians (to be kept at home)

What is a concussion? A concussion is a type of traumatic brain injury, or TBI, caused by a bump, blow, or jolt to the head that can change the way your brain normally works. Concussions can also occur from a fall or a blow to the body that causes the head and brain to move quickly back and forth. Even a “ding”, “getting your bell rung”, or what seems to be a mild bump or blow to the head can be serious.

Why is it important to recognize a concussion? Timely recognition and appropriate response is important in the treatment of a mild traumatic brain injury (MTBI) or concussion. A patient’s health outcomes improve through early diagnosis, management, and appropriate referral following a concussion. Symptoms of a concussion may appear mild, but can lead to significant, life-long impairment affecting an individual’s ability to function physically, cognitively, or psychologically.

How do I know if I have a concussion? There are many signs and symptoms that a patient may have following a concussion. A concussion can affect thinking, the way the body feels, mood, or sleep patterns. Look for the following:

Thinking/Remembering	Physical	Emotional/Mood	Sleep
<ul style="list-style-type: none"> • Difficulty thinking clearly • Taking longer to figure things out • Difficulty concentrating • Difficulty remembering new information 	<ul style="list-style-type: none"> • Headache • Blurry vision • Feeling sick to stomach • Vomiting • Dizziness • Balance problems • Sensitivity to noise and/or light 	<ul style="list-style-type: none"> • Irritability-things bother you more easily • Sadness • Increased moodiness • Feeling nervous or worried • Crying more 	<ul style="list-style-type: none"> • Sleeping more than usual • Sleeping less than usual • Trouble falling asleep • Feeling tired

What should I do if I think that I have a concussion? If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the medical assistance that you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

When should I be particularly concerned? If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, your words are coming out funny/slurred, you should inform an adult, such as your parent or coach or teacher immediately. This will make sure that you get the medical help you need before things get any worse.

What are some of the problems that may affect me after a concussion? You may have trouble in some of your classes at school, or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur. Once you have had a concussion, you are more likely to have another concussion.

How do I know when it is okay for me to return to physical activity and my sport after a concussion? After telling an adult that you think you have a concussion, you will be seen by a medical professional (Tennessee licensed medical doctor, osteopathic physician or clinical neuropsychologist) trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

You should not have any symptoms at rest or during/after activity when you return to play, as this is a sign that your brain has not recovered from the injury. For more information on concussions, visit www.cdc.gov/concussion.

Athlete/Parent/Guardian Sudden Cardiac Arrest Symptoms and Warning Signs Information Sheet and Acknowledgement of Receipt and Review Form

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA doesn't just happen to adults; it takes the lives of students, too. However, the causes of sudden cardiac arrest in students and adults can be different. A youth athlete's SCA will likely result from an inherited condition, while an adult's SCA may be caused by either inherited or lifestyle issues.

SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

SCA is the #1 cause of death for adults in this country. There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year. It is the #1 cause of death for student athletes.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- fainting or seizures during exercise;
- unexplained shortness of breath;
- dizziness;
- extreme fatigue;
- chest pains; or
- racing heart

These symptoms can be unclear in athletes, since people often confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience SCA die from it.

Public Chapter 325 – the Sudden Cardiac Arrest Prevention Act

The act is intended to keep youth athletes safe while practicing or playing. The requirements of the act are:

- All youth athletes and their parents or guardians must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.

Adapted from PA Department of Health: Sudden Cardiac Arrest Symptoms and Warning Signs Information Sheet and Acknowledgement of Receipt and Review Form. 7/2013

- The immediate removal of any youth athlete who passes out or faints while participating in an athletic activity, or who exhibits any of the following symptoms:
 - (i) Unexplained shortness of breath;
 - (ii) Chest pains;
 - (iii) Dizziness
 - (iv) Racing heart rate; or
